

DAVIS CONNECT

SUMMER

COURSE LISTING 7-12

ALC (A La Carte): These classes are student paced/independent study with the due date being the last day of the summer session.

Honors: Student in core classes (English, Math, Science, and Social Studies) for grades 9-11 can earn Honors credit by completing the Honors requirements within the regular course. Once you are in the class, ask your teacher for more information regarding the honors module. Upon completion of the honors requirements the transcript will be changed to reflect the honors designation.

CR (Credit Recovery): Credit recovery courses are shortened courses and are designed to only cover the essential content standards for a required high school course. These courses can be taken to recover a .25 credit in a class that has been taken previously and which the student failed. The transcript will need to show that an "F" was received.
